## **ACADEMIC SCHEDULE**

Typically, each student will carry a full academic program of forty (40) – forty-five (45) credits per school year.

Content areas will include:

English (5-10)	Math (5-10)	Social Studies (5)
Science (5)	Physical Education/Health (5)	Fine and Performing Arts (5)
Industrial Arts (5)	World Language (5)	Life Skills/Careers (5)

Students can earn additional credits in any of the areas, as indicated in the I.E.P. and/or Student Learning Plan. Additional credits allow students the opportunity to make up course-work from previous years or to advance more rapidly. The school will modify the above listed academic program to accommodate Service Learning and Internships.

C-Tech is a new program that will be offered in the 2017-2018 school year preparing students with 21st Century skills for a career in the computer technology field.

However if students are excessively absent, they will not be able to earn credit for classes.
